

a) calculateColumnTotal (Values2D data, int column)

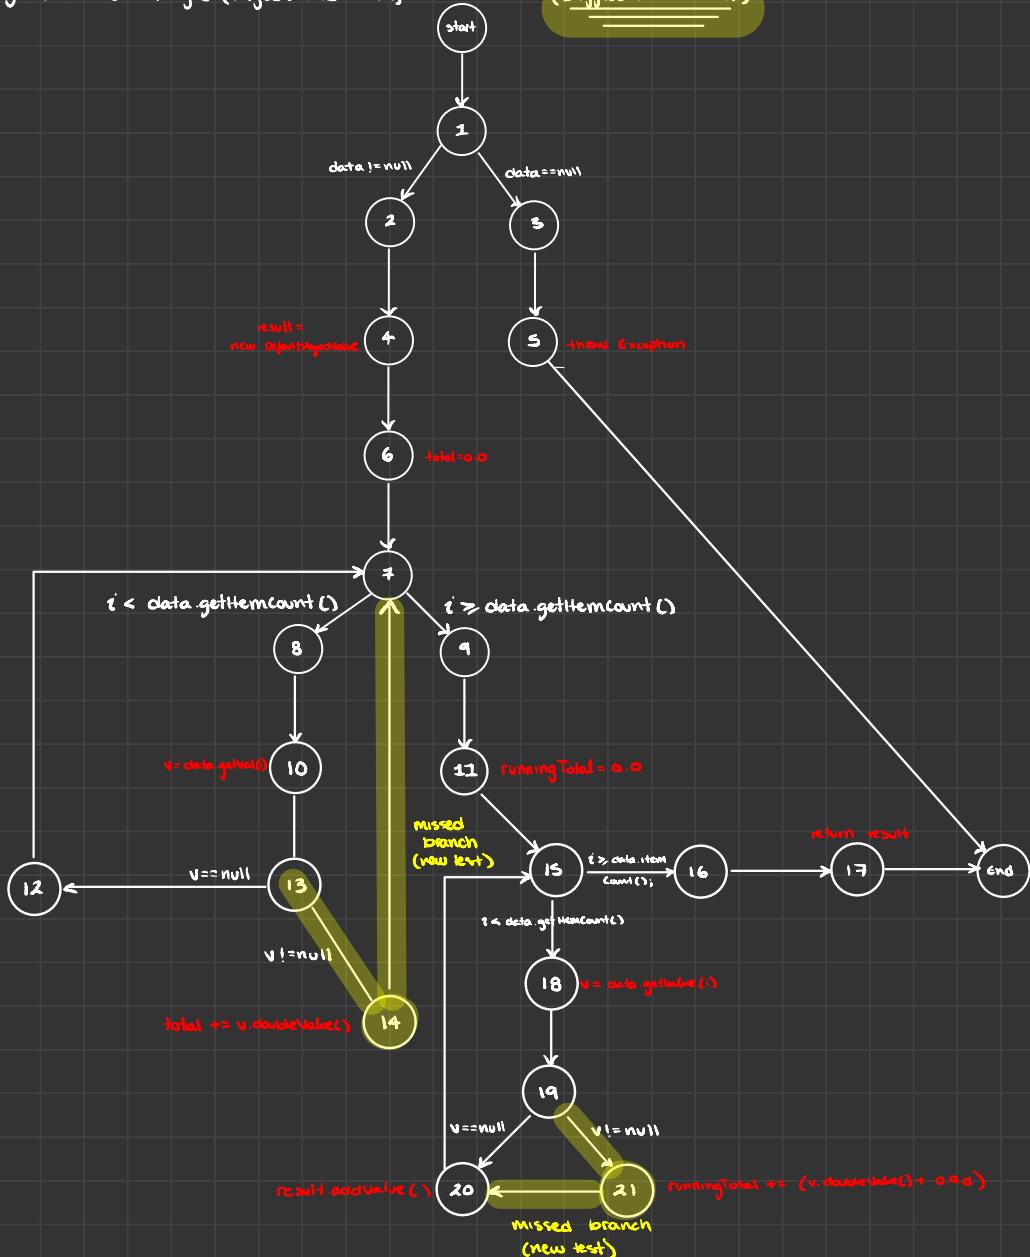

b) calculateRowTotal (Values2D data, int row)

c) getCumulativePercentages (KeyedValues data)

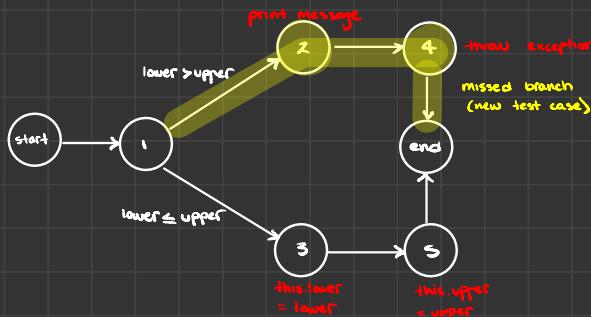

(Difficult to test)

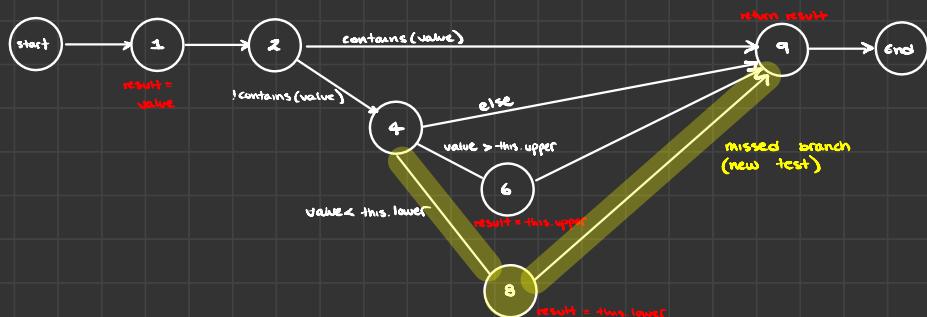

org.jfree.Data.Range

line coverage initial 45.4%
branches coverage initial 52.3%
method coverage initial 53.8%

a) Range (double lower, double upper)

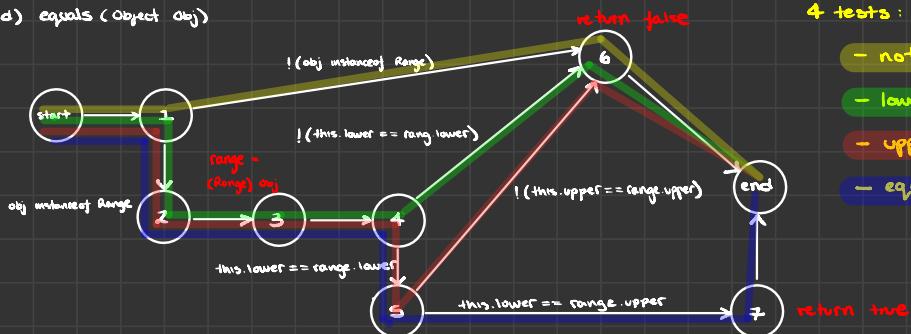

b) constrain (double value)

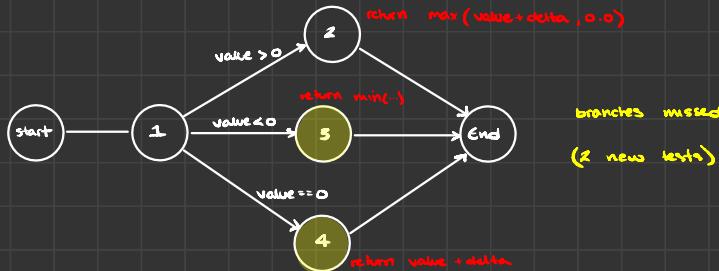

c) `toString()`

d) `equals (Object obj)`

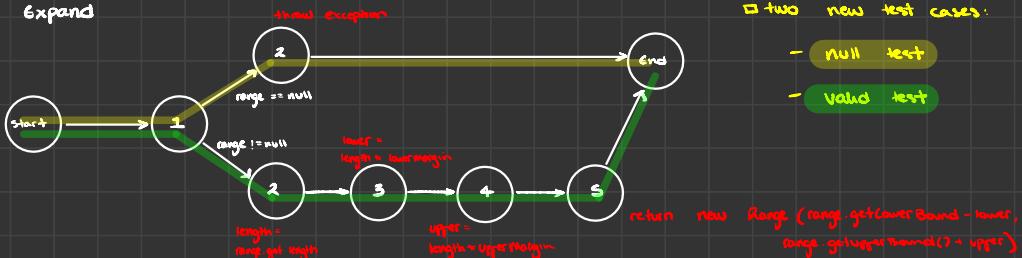

c) shiftWithNoZeroCrossing (double value, double delta)

branches missed
(2 new tests)

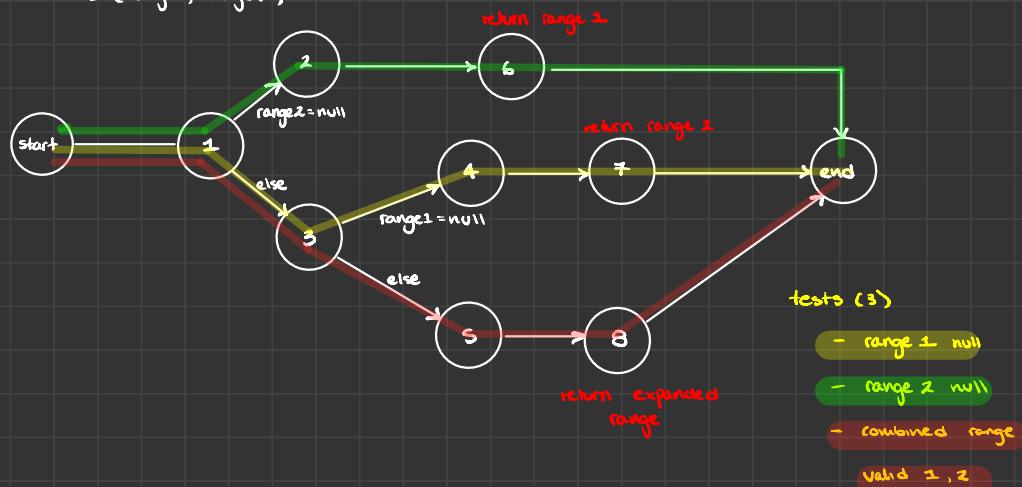

f) expand

two new test cases:

- null test
- valid test

g) combine (range1, range2)

tests (3)

- range1 null
- range2 null
- combined range

h) expandToInclude (Range range1, double value)
